

DISPLAYS • DESIGN • MANUFACTURING

We create Your POSitive image!

**We are a manufacturer of advertising displays** that are tailored to the individual needs of the customer.

Our displays have been delivered to stores in Poland, France, Germany and other countries of the European Union, as well as Great Britain, the USA, the United Arab Emirates and Japan.

### Individual design

We have our own graphic studio. Thanks to this, we design displays specifically tailored to the needs and products of our clients.

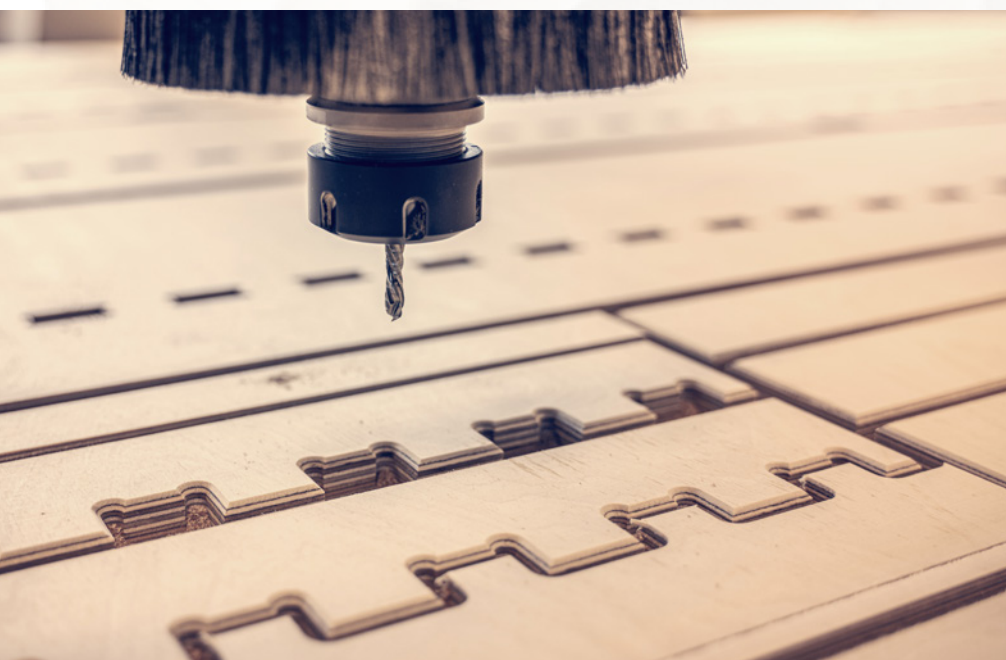

### Convenience

Our displays are durable, stable and easy to transport. We design structures that are as easy as possible to assemble, most often without the use of tools and permanent connections.

### Comprehensiveness

We perform every stage of production: design, CNC processing, UV printing and organization of delivery including customs clearance. Thanks to this, we have everything under control and our displays are made with the utmost care.

We design **displays with a unique construction and print**, dedicated to the promotion of goods in retail points and for trade show displays.

The ecological plywood displays we produce are **easy to transport and assemble**. We also make shop furniture from other materials, including cardboard, MDF, plastics and metal.

Working with our clients, we adapt to their needs. We fulfill orders for large quantities, but we also understand the needs of smaller recipients.

## Gathering Information

We begin the design process with gathering information, which allows us to tailor the display to your individual needs.

## 3d visualization

As part of the design process, we will prepare free, realistic 3d visualizations for you. You don't have to imagine your future display before placing an order - you'll see it in the visualizations!

## Mass production

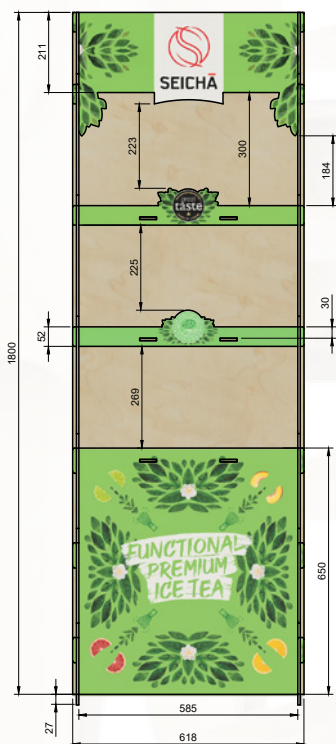

After confirmation of the design and order, we start mass production. As a direct manufacturer, we can adapt to any number of ordered displays.

## Design

Based on the collected information, our graphic department prepares a preliminary design, which we send for consultation. After receiving feedback we can make needed changes like adjusting dimensions, shape or printing.

## Prototype, product control

The first item is subject to detailed inspection. We also offer the possibility of ordering a prototype, so you can check the display yourself and request final adjustment.

Detailed design with dimensions

3d visualization with print design

Ready display in the store

**UV printing** is characterized by high quality, resistance to weather conditions and abrasion. It is performed in the CMYK color space, with a white underprint directly on the display material.

We also offer **laser engraving**, which can be an alternative to printing. The graphics burned into plywood acquire a new, handcrafted character. Laser engraving also works well on brushed dibond.

## MATERIALS

We provide  
a wide selection  
of materials.

This allows us to adapt  
the appearance,  
resistance and other  
features of displays  
to the needs of our  
customers.  
Sample materials:

plywood

MDF

OSB board

corrugated  
cardboard

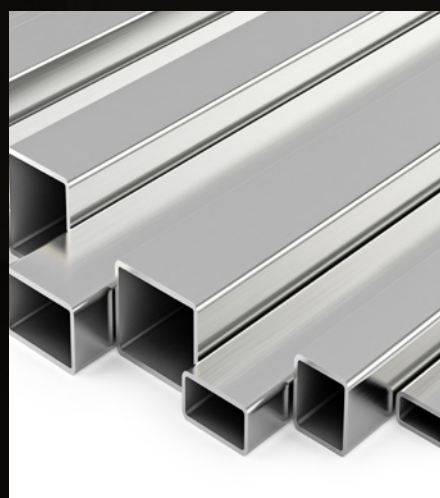

PVC

plexiglass

dibond

metal

Logo engraved with laser on plywood

Shelf stopper made of plastic material

Shelves illuminated with LED strips

Metal barrier protecting products from falling

Simple installation using a hook system

UV printing on painted plywood

**SEADOG**  
plywood • wheels with brakes

**BROWAR BŁONIE**  
OSB board • UV printing

**ORZESZEK**  
plywood • metal hooks

**CLEAT**  
furniture board • screwed

**CHIPZZ**  
corrugated board • UV printing

**KIWIRI**  
plywood • UV printing

**LEGO**  
plywood • UV printing

**PLETA**  
OSB board • UV printing

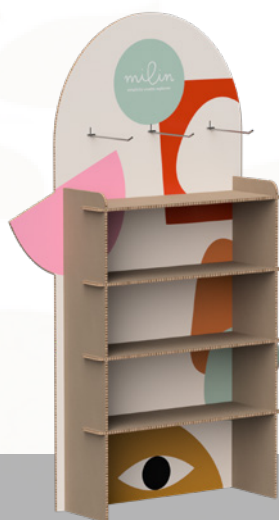

**SEICHA**  
corrugated board • UV printing

**VIVANI**  
plywood • brown wood stain

**MILIN**  
honeycomb board • UV printing

**PINK LADY**  
plywood • UV printing

**CIRCULAR**  
plywood • UV printing

**KALOSZE POPROSZE**  
plywood • UV printing

**BEBIO**  
corrugated board • UV printing

**MAJONEZ KIELECKI**  
plywood • UV printing

**AILAIKE**  
corrugated board • UV printing

**FLOSLEK**  
MDF board • hooks with price tags

**GT AQUA**  
plywood • UV printing

**AGRARIUS**  
plywood • UV printing

**HORSELINE**  
plywood • UV printing

**BASSER IM GLASS**  
honeycomb board • UV printing

**FRESCO**  
plywood • metal hooks

**MODERN FORMS**  
plywood • wheels with brakes

**BIBLIOTEKA WINA**  
plywood • UV printing

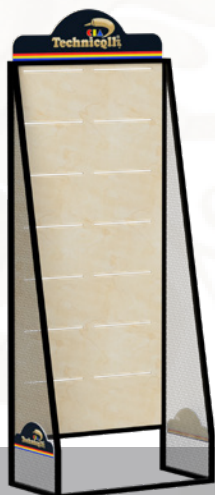

**KICKS DOCTOR**  
plywood • UV printing

**GIGAMIC**  
furniture board • swivel

**TECHNIQLL**  
metal frame • plywood

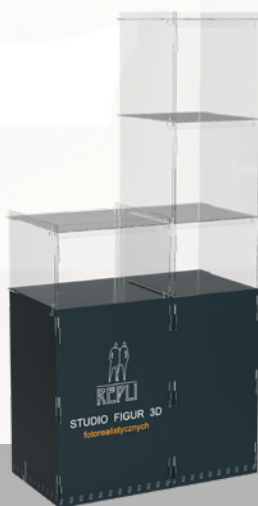

**BAREBELLS**  
MDF board • anti-mop protection

**SQUISHMALLOWS**  
plywood • HIPS

**THE BAY TREE**  
MDF board • UV printing

**REPLI**  
transparent PVC • UV printing

**KEYCRAFT LITTLE**  
plywood • wheeled base

**GNP**  
plywood • storage space

**QUACS**  
plywood • UV printing

**PLEXILAND**  
plexiglass • UV printing

**HEROX MYCELIUM**  
plywood • plastic hooks

**GŁODNY WILK**  
plywood • UV printing

**J's LEMONADE**  
plywood • engraving for products

**HAPPY CLUB MIX**  
black PVC • UV printing

**MOTUL**  
cardboard • UV printing

**NEXUS**  
plywood • UV printing

**CHOCOLU**  
plywood • brown wood stain

**MARCO MARTELY**  
plywood • metal hooks

**GNP**  
plywood • leaflet pocket

**ZIELNIK APTECZNY**  
plywood • UV printing

**CLOVER**  
plywood • swivel base

**FIKA**  
plywood • UV printing

**SPINNRAD**  
plywood • UV printing

**KRESKY**  
plywood • UV printing

**HOUSEMIX**  
foamed PVC • UV printing

**SŁOIK NATURY**  
plywood • UV printing

**GINSENG**  
plywood • attached logo

**NOMI**  
KATZ Display Board • UV printing

**NOHRLUND - BOX**  
plywood • brown wood stain

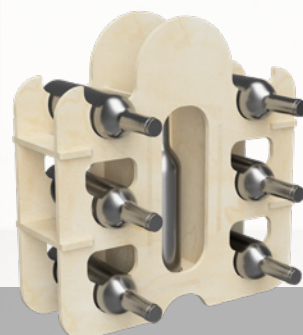

**KUKKI - CARRIER**  
plywood • UV printing

**ST.BERNARDUS - A-FRAME SIGN**  
wood • chalkboard paint

**BARBELL'S**  
plywood • wawny MDF • antymop • tekstura falista • druk UV

**COUNTER WINE RACK**  
plywood • easy to assembly

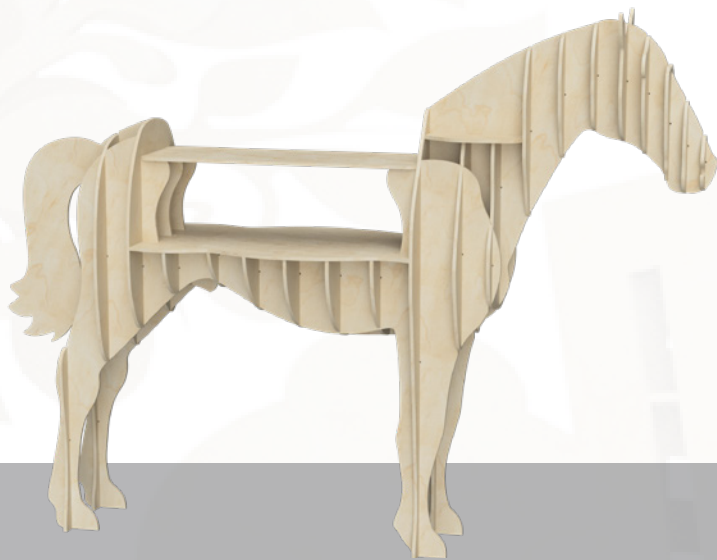

**TREE WITH SHELVES**  
plywood • 360° shelves

**KUKKI - ADVERT**  
honeycomb board • UV printing

**HORSE - BAR COUNTER**  
plywood • tool-free assembly

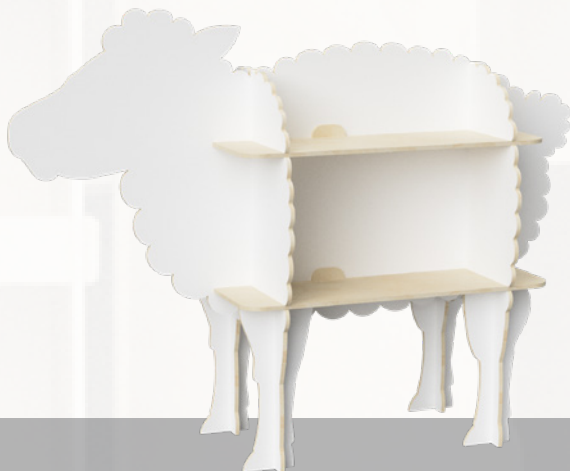

**CHILDREN'S WARDROBE**  
plywood • UV printing

**BRLO - A-FRAME SIGN**  
plywood • chalkboard paint

**TREFL - CHILDREN'S FURNITURE**  
plywood • permanently screwed

**SHEEP - FREESTANDING SHELF**  
plywood • painted

**OSHEE - HANGING DISPLAY**  
plywood • plexiglass front

PLETA - EXHIBITION STAND  
honeycomb board • modular system

PUFFINS  
plywood • UV printing

MANUKA HEALTH  
plywood • attached logo on the front

KUKKI  
plywood • UV printing

BAREBELLS  
plywood • UV printing

FARMA ŚWIĘTOKRZYSKA  
plastic • UV printing

**GINSENG POLAND**  
plywood • UV printing

**BIOTREND**  
plywood • ability to split into two counters

**GREAT GRANOLA**  
plastic • UV printing

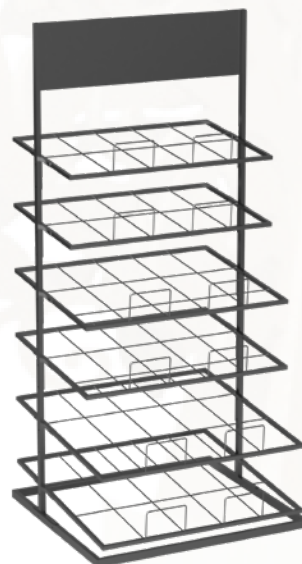

**TREE GUM - EXHIBITION STAND**  
honeycomb board • UV printing

**TREFL**  
plywood • UV printing

**FNBR**  
plywood • ability to split into two counters

Shelves illuminated  
with LED strip

Metal mesh on the side  
with attached logo

Strong metal  
construction

Shelf and back made  
of furniture board

MOTUL  
store shelf • permanently assembled

## We produce large shop furniture.

We have experience in designing shelves with a metal frame and furniture board shelves. We offer a wide range of customization options, including lighting and attachable 3D elements.

We also produce 360° islands that can be transported flat and easily assembled on site - without the use of tools.

We will adapt our designs to your needs.

Logo made using  
UV printing technology

Easy installation  
on the hook system

Plywood thickness  
adjusted to the shelf load

Platform on wheels  
for easy movement

**SNAK SHED**  
360° island • tool-free assembly
